

## Life After Lockdown

**We are looking for shops and businesses in Romsey town centre who would be willing to support a fantastic art project called Life After Lockdown**

Could you offer some of your window space to display artworks created in your town? Let's create a town gallery and encourage people back to the town centre this year. Students from Romsey School are creating art about themes that are meaningful to them following a year in lockdown. The artwork will be mixed media and collage and curated by the teachers at the school to suit your shop or business setting. We would like to create the exhibition during mid-May and run it for at least a fortnight.

If you are able to offer some space and would like to support us then please contact: [gpenny@romsey.hants.sch.uk](mailto:gpenny@romsey.hants.sch.uk)
